### 1. PROBLEM IDENTIFICATION (State problem briefly & clearly)

Through Jaques, School District, there is a wide variety of alcohol abuse problems.

### 2. GOAL (What we hope to achieve)

To involve the students and community in creating the Jaques Student Awareness Club (JSAC) which will promote drug and alcohol-free safety awareness.

### 3. OBJECTIVE (In order to work effectively toward reaching the goal, WHO will do WHAT to/for WHOM by WHEN & HOW will the results be measured?)

The JSAC will organize a student awareness group by holding a demonstration of alcohol by an assembly by the end of first quarter. The results will be measured by the number of students and faculty attending monthly meetings.

### 4. OBSTACLES (What might stand in the way of achieving the goal)

Lack of support / approval  
No financing  
Time / scheduling

### 5. RESOURCES (What people, places, or things might help achieve the goal)

Team Spirit Speakers

Local Businesses

### 6. STRATEGIES (List the tasks that may be necessary to do in order to achieve the goal)

Request Jaques, District to administer approval, contact Jaques and other resources for the approval and approval for the JSAC. Hold a weekly meeting for the JSAC members.
